### Theme for the Autumn Term: Meet the Flintstones

English – Children will explore a range of adventure and mystery stories, chronological reports, performance poetry by a range of authors. They will also explore the structure and features of a letter.

Maths – Children will be taught to Count from 0 in multiples of 4, 8, 50 and 100. Find 10 or 100 more or less than a given number. Compare and order numbers up to 1,000. Read and write numbers up to 1 000 in numerals and in words. Recognise the place value of each digit in a three-digit number (hundreds, tens, ones) Solve number problems and practical problems involving these ideas.

History – Children will explore life in the Stone Age, Bronze Age and Iron Age.

Geography – Children will explore the South Pole and the North Pole. They will investigate the differences and similarities including life there.

PSHE – Children will learn about developing our local area, in particular East Park.

Design and Technology – Children will research, design and create Stone Age tools and Inuit mittens

Art and Design – Children will investigate Stone Age paintings and sculptures by the beaker people.

PE – Children will explore dance, netball, handball and swimming. Children will learn the importance of playing as a team and how movements can reflect certain ideas.

RE – Children will explore the unit what is it like to be a Hindu?

Computing – Children will have computing incorporated cross – curricular into lessons. They will learn how to programme using

Scratch Junior and how to create digital art.

Music – Children will explore sounds in the environment. This includes keeping a steady beat, choosing sounds to accompany music and beats.

Science – We will explore magnets and forces. They will also learn about animals and humans, in particular the digestive system.

Languages – Children are learning French.
